

The KLARA garden furniture set is a combination of sophisticated elegance, modern design and timeless stylish look. This collection will fit perfectly into any surroundings, creating an ideal zone for rest and entertainment. Thanks to the modular solution, you can freely adjust space to your needs. Movable elements will allow you to create a corner sofa with any number of seats, a single armchair or a multi-seat sofa. By creating garden furniture, we use only the highest quality materials. The KLARA model is made of steel and exotic wood. Each module is complemented by ultra-comfortable cushions with foam filling, upholstered with high-quality fabric resistant to UV rays, absorption of liquids and pilling. All this means that our furniture can survive intact for many years.
