

Thanks to the combination of high-quality products and good design, we have created the ultra-modern SANTIAGO collection, which will perfectly fit into the arrangement of your terrace or garden. The basis of SANTIAGO furniture is a bench made of solid wood, which, combined with steel legs, gives it adequate stability and durability. Each seat base is equipped with custom-designed back cushions with a locking system. The cushions are upholstered with high-quality fabric, resistant to UV rays, absorption of liquids and pilling.

Furniture base

available modules

coffee table
94 x 115 x 35 cm
weight: 47 kg

002 02-1
